MEMORANDUM FOR: Acting Comptroller

SUBJECT : Renewal of [REDACTED] 25X1A

25X1A  
25X1A

1. It is still the strong conviction of the DD/R that a qualified Electronics Specialist should be assigned on a PCS basis to the [REDACTED] operation. In view, however, of the recent correspondence from [REDACTED] the DD/R will attempt to provide the needed technical guidance by TDY arrangements as suggested by the COS until a further assessment can be made regarding the nature and extent of assistance that may be required for the most effective operation of the project.

25X1A

2. Accordingly, we concur in the renewal of [REDACTED] at this time.
